## VERDÜNNER UND REINIGER VR 119

Solvent mixture for cleaning acrylic resins

### Packaging units

Article no.	Packaging	Inhalt	Units/pallet
MA0010-55	Canister	10.00 l	50
MA0010-02	Drum	200.00 l	2

### Product characteristics

Classification	Highly flammable
----------------	------------------

### Product description

Solvent mixture to clean tools used for acrylic resin works. With strong dissolving effect suitable for tool cleaning, even after slight hardening of the resins.

Old acrylic resin-based coatings can be easily dissolved by wiping over **VR 119** for further recoating with new acrylic resin coatings or sealers.

**Note:** not recommended as thinner for acrylic resins.

### Technical data

Density	0.95	kg/l	DIN EN ISO 2811-2 (20 °C / 68 °F)
Flashpoint	10 °C / 50 °F	-	

The values established in tests are average values. Deviations from the product specification may occur.

### Processing

To clean tools, remove the necessary amount into a separate, reclosable container and carry out the cleaning with a brush. If necessary, tools with hardened material can be soaked in the dilution to remove the soiling.

### Storage

Always re-seal and close tight after usage and store closed in a dry place. Please note the safety data sheet!

**Special remarks**

Highly flammable. Note the information on the containers and on the safety data sheet.
